

THIRD THURSDAYS: THINGS FROM THE FIELD

WHAT IS IT?

A monthly event in 2024 to meet Sac Valley orchard advisors and other industry members in a casual setting and get timely updates on issues we've been seeing in the field.

Orchard management topics (1.0 hour of DPR credit - Other):

The first hour will feature free lunch, a UCCE talk and Q&A on an orchard topic relevant to the time of year. In November, Sudan Gyawaly will discuss flatheaded borer management in walnut and Clarissa Reyes will address walnut and peach pests and diseases from the 2024 season.

Open discussion:

After the talk, bring observations, questions, and pictures about your orchards for UCCE advisors and the group to address.

WHEN & WHERE?

The next Third Thursday is:

November 21, 11:30 AM - 1:30 PM
UCCE Sutter-Yuba
142A Garden Hwy, Yuba City, CA

Location alternates monthly between UCCE offices in Sutter and Glenn counties.

NOV TOPIC

2024 IPM Round-up for Walnut & Peach Orchards

1 HOUR DPR CREDIT (OTHER)

Sudan Gyawaly
UCCE Area IPM Advisor
Clarissa Reyes
UCCE Orchards Advisor
