# Emmalyne Stultz From Lassen Colony 4-H Club!

**April 2023**

**Tehama County 4-H  
"In the Clover"  
Newsletter**

Hello! My name is Emmalyne Stultz. I'm a junior in high school and have been in 4H for seven years. 4H has allowed me to pursue interests that would never have been possible without it. I have been in many projects over the years, including poultry, dairy goats, market goats, sheep, quilting, cooking, canning, flower arranging, and most recently, the dog project.

Last spring, kind of unexpectedly, an adorable Golden doodle puppy came into our lives. I started training Martha right away. It has been a blast (most of the time). I knew nothing about dog training, so I couldn't have done any of it without YouTube, a whole bunch of treats, a LOT of patience, and a very smart, willing dog. Teaching her tricks has been my favorite part of the whole process. She has learned to speak, back-up, jump, spin, weave, bow, high-five, etc. The hardest part about training Martha is her extremely high energy level. Teaching her self-control is an ongoing process! The dog project has given both of us a lot of experience, for which I am very grateful. I was very disappointed when the dog show was cancelled from the fair. But fortunately, I was able to show her at the Fur & Feathers this year, which was the first time either of us had shown in a dog show. We got second in showmanship, but it was in obedience that Martha surprised all of us! She watched me the whole time, listened to all her cues, and was the only dog that stayed in the three minute down-stay. I was so proud of her! I knew she could do it, I just didn't know if she would do it. She got first place and a perfect score! It's nice to see all of our hard work pay off!

# Presentations From March Council

During our 4-H council meeting on March 28, we had 2 presenters.  
A big thank you to both presenters for coming!  
Here is a little bit of what they presented.

Josh Davy, Livestock Advisor and County Director

Our first presentation was given by Josh Davy, Livestock Advisor and County Director. His presentation was "How does the fair contribute to 4-H membership". Information for the presentation was gathered by Josh as well as Larry Forero, Livestock Advisor and County Director, and Nate Caeton, Youth Development Advisor. The information broke down project types as well as county populations and how having livestock at our fairs contributes to more enrollment for our program!

Thank you again Josh for the presentation!

Our second presentation was given by Natalie Caldwell, owner of Quilt Culture.

Autism is personal for us at Quilt Culture. I have 3 grandchildren, 2 of which are nonverbal with Autism. It is difficult to describe the challenges families with Autism face on a daily basis. My daughter advocates for her children to receive the best education available and gives them an excellent quality of life. As a grandparent it is difficult to know exactly how to support your child that is raising children with Autism. My quilt shop likes to help those in need and I asked my daughter if there was a way I could help her children and the Autism community. My daughter said that they do a lot of sensory activities at school that are messy and their clothes come home soiled or stained almost every week. I thought, "wouldn't it be nice if they had a way to protect their clothes".

I own a quilt shop and I felt this was something I could do that would help not only my family but every family with a child with special needs. Aprons for Autism was born.

Kits include batik fabric, pattern and a label for \$15 including shipping. If you are close, you can pick up a kit at Quilt Culture for just \$10.

If you would like to use your own batik fabric from your stash order your label for just 10 cents each.  
What do you do with the apron when it is complete?

You can mail it back to us at 22025 Gilmore Ranch Road Red Bluff, CA 96080 and we will get it to the children that need it

# Countywide Project Directory

## County-Wide Project Directory

4-H Projects typically begin at the club level however, if there are no volunteers leading such projects, the option to open a popular project to the county level allows others to interact and meet members from other clubs who have similar interests. Countywide 4-H projects are available to any active Tehama County 4-H member. These projects have their own schedules and meeting dates and it is up to the member to keep informed as they do not meet at monthly club meetings. Countywide 4-H projects must be approved annually by our county 4-H Program Educator upon completion of a Countywide Project Info Sheet on file with the UCCE Tehama County 4-H Office. Interested in starting or continuing a Countywide 4-H Project? Request a Countywide Project Info Sheet by emailing [ecparadis@ucanr.edu](mailto:ecparadis@ucanr.edu).
