Tehama County Cattlemen's Association & Tehama County Farm Bureau.*

LIVESTOCK PRODUCTION and the WILLIAMSON ACT

Livestock production and the Williamson Act have been prominent components to successful agriculture in the Northern Sacramento Valley. Livestock have grazed the valley and surrounding foothills for generations and represent a valuable technique to manage those resources. The Williamson Act benefits everyone by encouraging productive, well managed range and woodlands. Through the Williamson Act, livestock producers can manage the open spaces that people enjoy. This is an educational meeting to learn more about livestock impacts upon the environment and how the Williamson Act affects local counties.

The University of California in accordance with applicable State and Federal law and University policy, does not discriminate on the basis of race, color, national origin, religion, sex, disability, age, medical condition (cancer-related), ancestry, marital status, citizenship, sexual orientation, or status as a Vietnam-era veteran or special disabled veteran. The University also prohibits sexual harassment. Inquiries regarding the University's nondiscrimination policies may be directed to the Affirmative Action Director, University of California, Agriculture and Natural Resources, 300 Lakeside Drive, 6th Floor, Oakland, CA 94612-3560. (510) 987-0096.
