Water Measurement and Reporting Course

Senate Bill 88 requires that all water right holders who have previously diverted, or intend to divert more than 10 acre-feet per year (riparian and pre-1914 claims); or are authorized to divert more than 10 acre-feet per year under a permit, license, or registration; to measure and report the water they divert. Detailed information on the regulatory requirements for measurement and reporting is available on the State Water Resources Control Board (swrcb) [Reporting and Measurement Regulation](#) webpage.

The legislation requires that **installation and certification** of measurement methods for diversion (or storage) greater than or equal to 100 acre feet annually be approved by an **Engineer/Contractor/Professional**. Diverters across California were concerned about this requirement.

California Cattlemen's Association heard from their membership and worked with Assemblyman Bigelow on a bill that would result in a self-certification option. Assembly Bill 589 was passed and became law on January 1, 2018.

This bill allows **any diverter** who has completed this instructional course on measurement devices and methods administered by the University of California Cooperative Extension (including passage of a proficiency test) to be considered a qualified individual when installing and maintaining devices or implementing methods of measurement. **The bill requires the University of California Cooperative Extension and the SWRCB to jointly develop the curriculum for the course and the proficiency test.**

At the workshop you will :

- Clarify reporting requirements for ranches.
- Understand what meters are appropriate for different situations.
- Learn how to determine measurement equipment accuracy.
- Develop an understanding of measurement weirs.
- Learn how to calculate and report volume from flow data.

These trainings will move fast and will include a proficiency test. Bring a clipboard and a hand calculator. We encourage family/staff member's attendance.

Pre-Registration is required.

There is a fee of \$30

DATE: Thursday, March 2, 2023

TIME: 9:00 am -12:30 pm

LOCATION: UC ANR Building
2801 2nd Street
Davis, CA 95618

Refreshments sponsored by Shasta Land Service.
